Comments

- (1) On 12 June 1952, the loading of one troop train each with components of the 2nd Gds AAA Div was observed at the Potsdam and Wildpark railroad stations. There is no doubt that these trains are identical with those having Altengrabow as receiving station mentioned in paragraph 1 of the present report.
- (2) The two trains carried components of the 62nd AAA Div (US) of the Third Gds Army to the Lustrow AAA Range.
- (3) Except for the troop train all other trains have been repeatedly reported and are confirmed again in the present report.
- (4) From analysis of previous reports it is determined that since 27 May 1952, the number of troops going to Brest Litovsk has slightly exceeded that of troops coming from Brest Litovsk.
